

PARKLANE TOWERS

An exclusive view of Metropolitan Wichita!

"Every apartment a penthouse" — whether it's a bachelor apartment or a three-bedroom home. The terrace is privately yours and is a 22 x 12-foot extension of your living room... connected by a weatherproof sliding glass wall. The rooms with large closets and linen storage are designed for the flexible, convenient arrangement of your furniture. Every owner also has his own locker storage space in the basement — near the coin operated washers and dryers provided for tenants' convenience.

All of the apartments have baths with showers, quality fixtures and vanities (two and three-bedroom apartments have two baths); and every tenant is afforded the use of the master television antenna system.
